

Accommodation Introduction for International Students at Tianjin University

Both Weijin Road Campus and Peiyang Park Campus of Tianjin University have international student dormitories. The campus allocation for international students is uniformly arranged by the university based on the current year's policies and the location of the campus of the international student's major. International students need to reserve online. If they are unable to reserve accommodation on campus successfully, the university will provide off campus accommodation information for students to choose from. Please pay attention to the internal notifications of Tianjin University International Student Service System for details.
